TETONCLIMBING.COM

Tetonclimbing.com is an experiment in what we believe is the future of climbing guidebooks. We will continue to ring you updated topos for all the Jackson Hole Area sport climbing areas, and we will continue to do it for free.

Please visit the site often, click on our sponsors, and if you feel the urge, donate to the cause. Whether it be \$1 or one t-shirt, every little bit helps.

VIVA LA REVOLUCION!

NOTE: Some of the areas in this guide lie within Wilderness Area boundaries and/or National Park. Please obey all regulations specific to the area you are climbing.

!!! ROCK CLIMBING IS AN INHERENTLY DANGEROUS ACTIVITY !!! While the author of this guide has made every attempt to produce a highly accurate guide, it is only that. A guide. It is **NOT** an instruction manual. It is the users' responsibility to utilize this information in a responsible and safe manner.

In plainspeak...**You were born with a brain, do your best to use it.**
